

Shazam

Shazam is the world's leading mobile music discovery application, enabling consumers to experience and share music with others across mobile devices and the internet. With more than 35 million end-users since its launch as the first mobile-specific service to help consumers discover and share new music.

Headquartered in London England, Shazam's solutions enhance the music strategies of more than 75 carriers across 60 markets globally, including AT&T, T-Mobile and Vodafone. Its mobile products on iPhone, Android, Blackberry and Windows Mobile platforms are the acknowledged leader in music recognition and discovery.

Shazam's successes have been recognised through numerous awards, including the Mobile Entertainment Award for Best Music Service Provider.
